Class 2008

You have broins in your head. You have feet in your shoes. You can steer yourself in any direction you choose. You're on your own. And you know what you know. You ove the individual who'll decide where to go. -Dr. Seuss

Ten years from now I see myself with lots of money, a big house, a nice car, and as a college graduate too.

Melanie Ramos

My favorite class is Psychology because it keeps me focused. Mr. Lombardelli keeps everyone working and learning new things.

Glendaliz Quinonez

My best memory was going to the state playoffs last year and scoring my first high school goal against Hartford High during my senior year.

Andrew Elvas

The best thing about being a senior is the teachers interacting with us as friends who now trust us, not like parents.

Tania Mandigo

LIFE CALLS

My favorite class was U.S. History with Mr. Gradante. The class was a fun learning experience and the teacher made me want to learn more.

Our Principal, Mrs. Miriam M. Taylor

"Education is the most powerful weapon which you can use to change the world." ~ Nelson Mandela

Dear Class of 2008,

This is a bittersweet moment for me as I come to terms with the realization that it is the last yearbook message I write for a graduating class of Bulkeley High School. It has been a privilege and honor being your Principal, and you, the class of 2008 is particularly close to my heart because we came in together, and we will take leave of our beloved school together.

Change is always difficult, yet it is inevitable because at the core of human existence is the desire to live life fully and to walk through doors that opportunity opens for us. As you close one chapter of your lives and as you look forward to the next, do so with confidence and resolve. We have all done our best to offer you a quality education and a strong foundation to embrace the challenges and opportunities open to you. Cherish the memories and experiences of your four years here. It is my sincere desire that Bulkeley will always remain a chapter in your lives filled with warm feelings and sweet memories.

The words of the great American writer, Ralph Waldo Emerson beautifully echo my sincere wish for each and every one of you: What lies behind us and what lies before us are tiny matters compared to what lies within us. Dear students, make the most of what lies within you. Set goals, and strive to achieve them. Balance career ambitions with personal fulfillment. Secure a sound economic future for you and those whom you love, and give generously of yourselves to benefit your fellow human beings.

In your moment of well-deserved recognition when you walk across the stage to receive your diploma, know and be confident that each of you has left his or her mark on our wonderful school and that you are forever part of this place that for four years has been your safe harbor for learning, for forming life-long personal relationships, and for personal growth.

Godspeed,

Miriam Morales-Taylor

I know I will miss my friends.

Having the Class of 2008 together. It's going to be difficult laving to say Goodbye to those who will be going away to college

My Football Team

My favorite leachers, classimales, and langing out with my friends at school.

Besides, BHS's wonderful school lunch ... just kidding. I would have to say my great friends who held me down and the memories we stared throughout the four years at BHS. Life would have been so boring and stressful without them

I will miss being in the hallways taking funny pictures, the teachers, and Mrs. Taylor.

I will miss my teachers, but most of all my friends.

My friends & some of my teachers.

EVERYTHING

I will miss some of the teachers who actually cared about us and let us speak our mind, instead of just lecturing us all day.

NOTHING

Nolling, but the memories and the wonderful people I came across in my two years of being at Bulkdey.

The excilement and the diversity - there are so many different types of people

I will miss the people

Teachers and Friends.

Lunch! Ha Good One I'll miss all the laughs.

I will miss my friends and the teachers I loved And of course, the principal, "Mrs. Taylor".

Well, I definally won't miss the food. LOL. But I think I'll miss the environment that surrounds me

It will be soo hard to say:

Miss Bulkeley?

My Teachers

I will miss certain people and teachers. As not the same life A will clauge after high school.
